TIPS ON CATCHING THE BUS

Times listed in the schedule are **time points**. Use time points to determine when the bus is due. **Commuter Routes #1, #7 and #8 stop only at designated bus stops.** Bus drivers may not stop unless signaled by a waiting passenger. Passengers may signal the driver by following these easy instructions:

1. Be sure that you stand near the bus stop sign so the bus driver can see you and safely pull off the roadway.
2. Be visible by wearing light colored clothing. During hours of darkness, signal with a flashlight.
3. Drivers notice motion. As you see the bus approaching, raise your arm and move it in a large arc to signal the driver to stop.
4. As the bus starts to pull over stay back and out of the way of the bus.
5. If the road conditions are not suitable for the driver to stop exactly where you are, the driver may stop before or after your location. Please be aware of this if the bus drives by.
6. Always, be cautious. Your safety is our first concern!
